

Small Blessings Registration Process

1

Join the online waitlist through the link on the website. If you are adding multiple children to the wait list, please fill out individual forms for each child. Use virtual tour feature and read information from website.

2

Administration will process waitlist form and send email confirmation. Due to the number of requests, tours are NOT offered outside of enrollment season.

3

Enrollment season opens in January of each year for the following school year. Families will be contacted and offered enrollment based on availability and birthday.

4

Once a family is offered a spot, they are invited on campus for a tour. If the spot is accepted, registration fees and a month of tuition is due. Families will also be required to attend an orientation meeting.

5

Children that were not offered enrollment, due to availability, will automatically be placed into the waitlist for the next academic year. Families on the waitlist will not be contacted unless they are offered a spot.
